Additionally, it is agreed to reduce the share capital, in order to amortize the Company's own shares that it may keep in its balance sheet (either as a result of its acquisition under the authorization of the General Shareholders' Meeting under this agreement or others), charged to profits or free reserves and for the amount that is convenient or necessary at any time, up to a maximum nominal amount equivalent to that of said treasury shares.

- (v) to request the exclusion from trading of the amortized securities and, in general, adopt as many agreements as necessary, for the purposes of said amortization and subsequent capital reduction, appointing the persons who may intervene in their formalization.

RESOLUTION TO AGENDA ITEM 4

To consolidate and cancel the shares comprising the share capital at the time this resolution is implemented to be exchanged for newly-issued shares in the proportion of one (1) new share for every twelve (12) pre-existing shares. Capital reduction by share redemption. Amendment of article 6 of the corporate bylaws. Delegation of powers.

1.- Share consolidation

It is hereby resolved to consolidate and cancel all the shares comprising the Company's share capital at the time this resolution is passed to be exchanged for newly-issued shares in the proportion of one (1) new share for every twelve (12) pre-existing shares, increasing the unit par value of the shares from 0.05 euros to 0.60 euros, without any change in the Company's total share capital amount.

The new issued and outstanding shares will be ordinary shares, represented by book entries, and the company Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A.U. ("Iberclear") and its participating entities will be responsible for recording the book entries.

The new shares will be of the same series and class and will have the same economic and voting rights as the current shares, in proportion to their par value.

1.1 Effective Date and Exchange Procedure

Execution of the consolidation resolution (reverse split) and the ensuing bylaw amendments will be made public through announcements in the Official Mercantile Registry Bulletin, on the Company's website and, if considered necessary, in a newspaper of national circulation and in the listing bulletins of the Spanish Stock Exchanges.

The share exchange will take effect on the date set by the Board of Directors ("**Effective Date**") once the consolidation resolution and the ensuing bylaw amendments have been registered in the Company's registration sheet. The Effective Date will be disclosed through the relevant notice of privileged or other relevant information.

Shareholders who have standing as such at the close of the markets on the trading day following the Effective Date pursuant to the book entries maintained by Iberclear and its participating entities will be entitled to receive one (1) new share for every twelve (12) existing shares, with such exchange being made automatically. The new shares will be delivered to the shareholders on the second trading day following the Effective Date.

The share exchange will be carried out in accordance with the procedures established for securities represented book entries, through the corresponding participating entities, in accordance with the instructions issued for such purpose by Iberclear and, in the event an agent has been appointed, by the agent.

1.2 Treatment of Fractional Shares

Any shareholders who, after applying the exchange ratio resulting from the consolidation, are holders of a number of shares not a multiple of twelve (12) may acquire or transfer the necessary shares to obtain a number of shares that is a multiple of the number established in the exchange ratio.

If at the close of the markets on the trading day following the Effective Date as described above any shareholder still holds a number of shares not a multiple of twelve (12), the Company itself will acquire the excess shares. The Board of Directors may appoint an agent if deemed necessary, granting the agent a mandate to acquire excess shares and make the corresponding payments on behalf of the Company.

The acquisition price will be equal to the listing price at the close of the trading day prior to the Effective Date, without the sale transaction involving any additional cost for the shareholders owning said excess shares, with the exception of any expenses or brokerage fees that may be collected from their respective custodians and/or stock brokers.

The amount required to purchase the excess shares will be paid by the Company or by the agent, if so appointed, to the participating entities of Iberclear for payment into the accounts of the shareholders who have their Company shares deposited with such entities. This payment will be made by the Company or the agent and is expected to be made on the second trading day following the Effective Date.

The acquisition of shares by the Company to purchase the fractional shares resulting from the exchange ratio will be carried out by the Board of Directors, authorized by the General Shareholders Meeting to buyback treasury shares, approved under Agenda Item Three.

1.3 Application for Admission to Official Trading

Upon registration with the Mercantile Registry of the public deed formalizing the consolidation of the currently outstanding shares and the exchange thereof for newly-issued shares with a modified par value, the pre-existing shares shall be simultaneously delisted and the new shares shall be admitted to trading on the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges, on which the stock is listed through the Stock Exchange Interconnection System (Continuous Market), and the necessary procedures and actions shall be carried out and the necessary documents filed with the competent authorities for admission to trading of the new shares issued as a result of the resolution adopted.

It is expressly stated that the Company is bound by those rules in force or which may be laid out in the future on Securities Markets and, in particular, on admission, listing and delisting. For these purposes, pursuant to Articles 1.4.e) and 1.5.d) of Regulation (EU) 2017/1129 of the European Parliament and of the Council of 14 June 2017 on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, and repealing Directive 2003/71/EC, the obligation to publish a prospectus does not apply, as the new shares are issued to replace shares of the same class that were already issued, and the issuance does not involve an increase in issued capital.

2.- Capital Reduction

Prior to executing the share consolidation referred to in Section 1 of this resolution, it is hereby agreed that the Company's share capital will be reduced by 0.15 euros by redeeming three (3) treasury shares, each with a par value of 0.05 euros.

The purpose of this capital reduction is to allow for the grouping of the number of shares to allow for the share consolidation in accordance with the provisions of Section 1 of this resolution, such that the total number of pre-existing shares to be grouped is a multiple of the one established in the exchange ratio, i.e., twelve (12).

The capital reduction will be charged to unrestricted reserves, through the allocation of a reserve for redeemed capital in an amount equal to the par value of the redeemed shares, which will only be available subject to the same requirements as those required for the reduction of share capital, in application of the provisions of Article 335.c) of the Spanish Capital Corporations Law. Consequently, in accordance with said provision, the Company's creditors will not have the right of opposition referred to in Article 334 of the Spanish Capital Corporations Law in relation to the capital reduction.

Consequently, following the capital reduction and immediately before carrying out the share consolidation in accordance with the provisions of Section 1 of this resolution, the share capital is established at an amount of 11,132,464.20 euros, divided into 222,649,284 ordinary shares, each with a par value of 0.05 euros.

The capital reduction must in any case be carried out within six (6) months from the date of this resolution.

3.- Amendment of Article 6 of the Corporate Bylaws

Once the capital reduction provided for in Section 2 and the share consolidation and exchange provided for in Section 1 above have been carried out, Article 6 of the Bylaws, on share capital, will be amended in order to reflect the new par value and number of shares issued. This amendment will be made as follows:

ARTICLE 6. The share capital is eleven million one hundred and thirty-two thousand four hundred and sixty-four euros and twenty cents (€11,132,464.20), represented by eighteen million five hundred and fifty-four thousand one hundred and seven (18,554,107) shares, each with a par value of sixty cents (€0.60), fully subscribed and paid-in. Share capital may be increased or decreased by resolution of the General Shareholders Meeting subject to relevant applicable provisions. Unpaid subscriptions must be made at the time determined by the Board of Directors, within a period of five years from the date of the resolution approving a capital increase. The form and other circumstances of the payment shall be governed by the provisions of the resolution approving the capital increase. The demand for payment of any unpaid subscriptions shall be notified to the affected parties or be advertised in the Official Mercantile Registry Bulletin. At least one month must lapse between the notification or advertisement date and the payment date.

4.- Delegation of Powers to the Board of Directors

It is hereby agreed that the Board of Directors will be delegated, as extensively as permitted by law, and with the power of substitution in favor of the Executive Committee or the Chairman or Vice-Chairman of the Board of Directors, the powers to (i) execute these resolutions within a period of six (6) months and to set the terms and conditions for the share consolidation and exchange and for the capital reduction within the limits established by the General Shareholders Meeting, including, in particular, the power to select the Effective Date, or to decide not to execute these

resolutions if the Board of Directors, on a reasoned basis, believes that doing so could be detrimental or contrary to the Company's interests, in which case such information shall be disclosed as a notice of privileged or other relevant information; and (ii) notwithstanding any existing delegations or powers of attorney, to carry out any actions and formalities that may be necessary or appropriate to ensure the execution and success of the share consolidation, increase in par value and capital reduction, including in particular, but not limited to, the following powers:

1.2.- CONTENT OF THE PLAN. Simultaneously and in addition to the purchase of treasury shares of Pharma Mar, S.A. For the employee or manager with part of his salary, each employer company will deliver to the employee or manager under the Plan, simultaneously with said purchase, a number of free shares of the treasury stock of Pharma Mar, S.A. which will be equal to the whole number, rounded by default, as a result of applying a percentage (hereinafter the "Percentage"), previously determined by the Board of Directors of Pharma Mar, S.A. which will be equal for all employees or managers, to the number of shares actually purchased with said part of their salary, which, if applicable, will have to have been adjusted and reduced against the maximum amount requested if the value of the free shares to be delivered to the Employee or manager exceeds the subjective maximum limits mentioned in section 1.3 below or the number of free shares to be delivered to all Group employees or managers as a whole exceeds the maximum limit in section 2 below.
