1. The General Meeting will be held exclusively by telematic means, i.e. without the physical attendance of shareholders, their representatives or guests and, in general, of any other person except those strictly required to enable the organization and holding of the meeting, with the necessary security and distance measures.
2. All shareholders are reminded that there are a number of channels and means of alternative to physical attendance to participate in the General Meeting. All of them are described in the notice of call of 10 March and on the Company's corporate website. These channels include, in addition to telematic attendance, proxies granted

3. For the purposes of exercising shareholders' rights and under the terms provided for in the Corporations Act and in Article 3.1.a) of Royal Decree-Law 34/2020, of November 17, telematic attendance by shareholders shall be equivalent to and replace attendance at the General Shareholders' Meeting in person.
4. In order to guarantee the correct exercise of their rights and the adequate development of the meeting, the shareholders (or their representatives) who wish to attend the meeting telematically, as indicated in the announcement of the call of last 10 March, must register in advance in the section dedicated to the General Shareholders' Meeting 2021 ("Telematic Assistance") on the corporate website, from 12:00 noon on April 9, 2021 until 11:59 p.m. on April 13, 2021.

Once the shareholder (or, if applicable, his representative) has registered in accordance with the indicated means and within the established period, he may attend and vote at the General Meeting through telematic means by making the corresponding connection on the day of the meeting.

The telematic attendance of the shareholder to the Meeting (provided that the Meeting is constituted) will render void any vote or delegation previously made by any other procedure established by the Company.

5. The Meeting shall be broadcast live via streaming on the corporate website (www.pharmamar.com). It is hereby informed that this broadcast is not considered to be telematic attendance, and the monitoring of the same is not counted as attendance within the quorum count and without the possibility of intervening in the meeting.
6. The Company will continue to monitor the evolution of the health emergency and the measures adopted by the authorities in this respect and will update the information contained in this announcement if necessary, always seeking compliance with current regulations and the best protection of our shareholders, employees and other persons involved in the preparation and holding of the General Meeting.
